

Tank Size Worksheet

Instructions: Print this page by clicking "File" then click "Print" in the drop down menu. Fill out the worksheet and use it as a point of reference when talking to your Superior Propane Representative. You can also Fax, Mail, or take this form to the Superior Propane office in Williams, Arizona.

Tank Size Worksheet

1. _____ Enter a 1 for every propane Water Heater
2. _____ Enter a 1 for every propane Cook Top or Range
3. _____ Enter a 1 for every propane Clothes Dryer
4. _____ Enter a 1 for every propane Refrigerator
5. _____ Enter a 5 for every propane Furnace/Fire Place or Room Heater
6. _____ Total from all lines above

If the total in Line 6 is 2 or less, you will most likely use a 120 gallon propane tank.

If the total in Line 6 is 3 to 6, you will most likely use a 250 gallon propane tank.

If the total in Line 6 is 6 or more, you will most likely use a 500 gallon propane tank.

This worksheet is an estimate only. Your Superior Propane Representative will go over with you in more detail regarding your specific appliances and how you use them.
